## About the College

mLAC is a premier institution dedicated to empowering women through quality education and holistic development. Established with a vision to nurture confident, capable and compassionate leaders, our college has become a trusted name in women's education.

Situated in a prime location at the heart of the City, our campus offers excellent accessibility and connectivity.

Guided by a team of dedicated and experienced faculty members, we strive to provide education that goes beyond textbooks, focusing equally on character building, leadership, innovation and community service. At mLAC, we take pride in creating a space where women can learn, lead and shine throughout.

### Focus on Holistic Development :

At mLAC, education extends beyond academics. We are committed to the holistic development of every student through a balanced blend of academics, co-curricular and extra curricular activities, community engagement and also aims to prepare students to excel in every sphere of life, from sports and cultural activities to personality development and career guidance programme.

### Remedial classes for the needy students :

Remedial Classes are conducted to support students who need an additional academic assistance. These sessions help strengthen subject understanding, build confidence and enhance overall performance.

Rangers

### Vibrant Campus Life :

Campus life at mLAC is vibrant, engaging and enriching. The campus fosters friendship, creativity and personal growth, making every students journey memorable and meaningful.

### Parent Teachers Meetings (PTM) :

PTM are conducted regularly to strengthen the bond between the college and the parents. These meetings provide an opportunity for parents and teachers to discuss student's academic progress, behaviour and overall development.

## Reflections of Alumni

### Sahana Shridhara..... An Architect

I am Sahana S, a proud alumni of mLAC. I passed out in the year 2005-2007. Looking back to those days, twenty years ago, it has been a wonderful experience during my PU days. Dedicated teachers who were always available to address your doubts; A great library to do all the referencing; the kannada and cultural groups and the drama productions that we did and performed; most enjoyable annual fests! Eating your packed dabbi food with your friends; the two crucial years that I spent at Ammanni College made a lifetime of memories for me. I thank all the faculty and management for providing a holistic learning environment during the turning point of my life!

### Sahana Savithri..... An Entrepreneur

I am Sahana Savitri B, a proud alumni of mLAC. I passed out in the year 2009-2010. I also served as Student's Union President back then as well.

Today I am a Practicing Company Secretary and also a guest speaker at forums and also a teacher to train CS aspirations, and I owe the life skills that I picked up from the College is what i can say as a reflection of my success. I can proudly say that College is very encouraging and is surely to leave a positive footprint in one's career.
